Intro: / [C] / [C] /

[C] Twinkle, [G] twinkle [F] little [C] star
[F] How I [C] wonder [G7] what you [C] are
[C] Up a-[G7]bove the [C] world so [G7] high
[C] Like a [G7] diamond [C] in the [G] sky
[C] Twinkle, [G] twinkle [F] little [C] star
[F] How I [C] wonder [G7] what you [C] are [C]

[C] When the [G] blazing [F] sun is [C] gone
[F] When he [C] nothing [G7] shines up-[C]on
[C] Then you [G7] show your [C] little [G7] light
[C] Twinkle, [G7] twinkle, [C] all the [G] night
[C] Twinkle, [G] twinkle [F] little [C] star
[F] How I [C] wonder [G7] what you [C] are [C]

[C] Then the [G] traveler [F] in the [C] dark
[F] Thanks you [C] for your [G7] tiny [C] sparks
He [C] could not [G7] see which [C] way to [G7] go
[C] If you [G7] did not [C] twinkle [G] so
[C] Twinkle, [G] twinkle [F] little [C] star
[F] How I [C] wonder [G7] what you [C] are [C]

[C] In the [G] dark blue [F] sky you [C] keep
And [F] often [C] through my [G7] curtains [C] peep
[C] For you [G7] never [C] shut your [G7] eye
[C] Till the [G7] sun is [C] in the [G] sky
[C] Twinkle, [G] twinkle [F] little [C] star
[F] How I [C] wonder [G7] what you [C] are [C]

[C] As your [G] bright and [F] tiny [C] spark
[F] Lights the [C] traveler [G7] in the [C] dark
[C] Though I [G7] know not [C] what you [G7] are
[C] Twinkle, [G7] twinkle [C] little [G] star
[C] Twinkle, [G] twinkle [F] little [C] star
[F] How I [C] wonder [G7] what you [C]↓ are
